

How To Guide - Completing 2021-22 UNT Institutional Effectiveness Improvement Plans

October 15, 2022 is the UNT reporting date for 2021-22 end of year reporting of Institutional Effectiveness (IE) plans. Data is to be reported in the Improve System (formerly known as TracDat). This cycle will include Fall 2021, Spring 2022, and Summer 2022 assessments.

This guide does not apply to Centers and Institutes or courses in the core curriculum as they have separate reporting deadlines and responsibilities.

Once submitted, each plan will go through a peer review process to be scored against UNT's IE Peer Review Rubric. Plans that do not have results for the 2021-22 academic year will not be reviewed. **To demonstrate compliance with institutional effectiveness expectations, your plan will need to score a 70 or higher during the review process.** Scores will be distributed during the Spring 2023 semester.

DATA COLLECTION AND REVIEW OF LAST YEAR'S ENTRIES

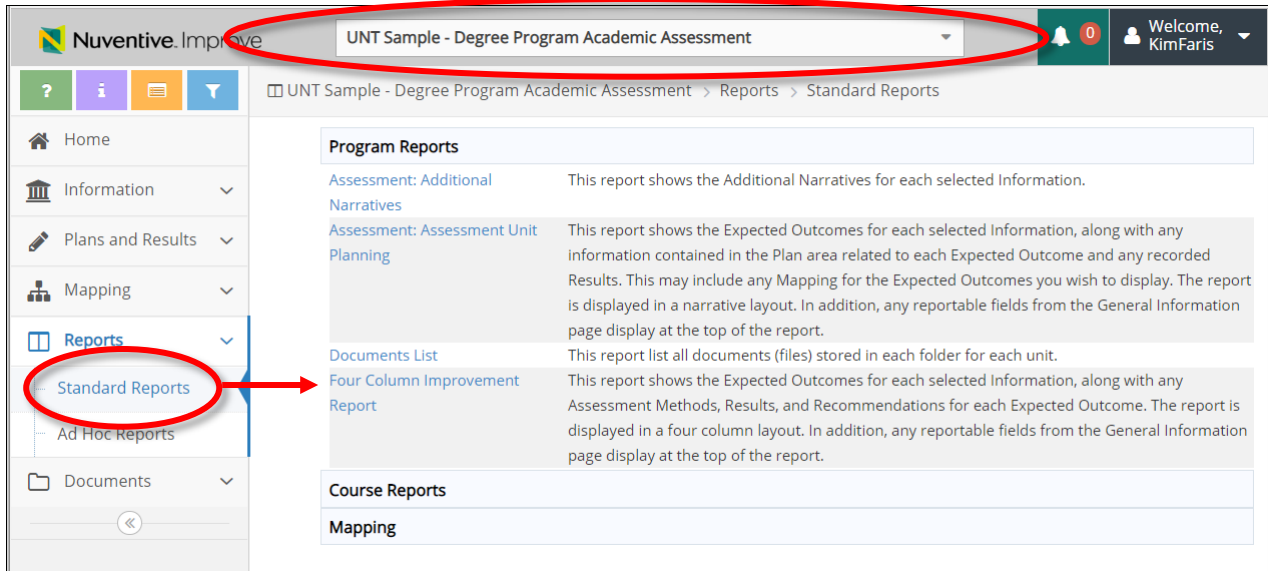

Step One

How To Guide - Completing 2021-22 UNT Institutional Effectiveness Improvement Plans

The following are helpful hints and steps to follow in completing 2021-22 IE plans:

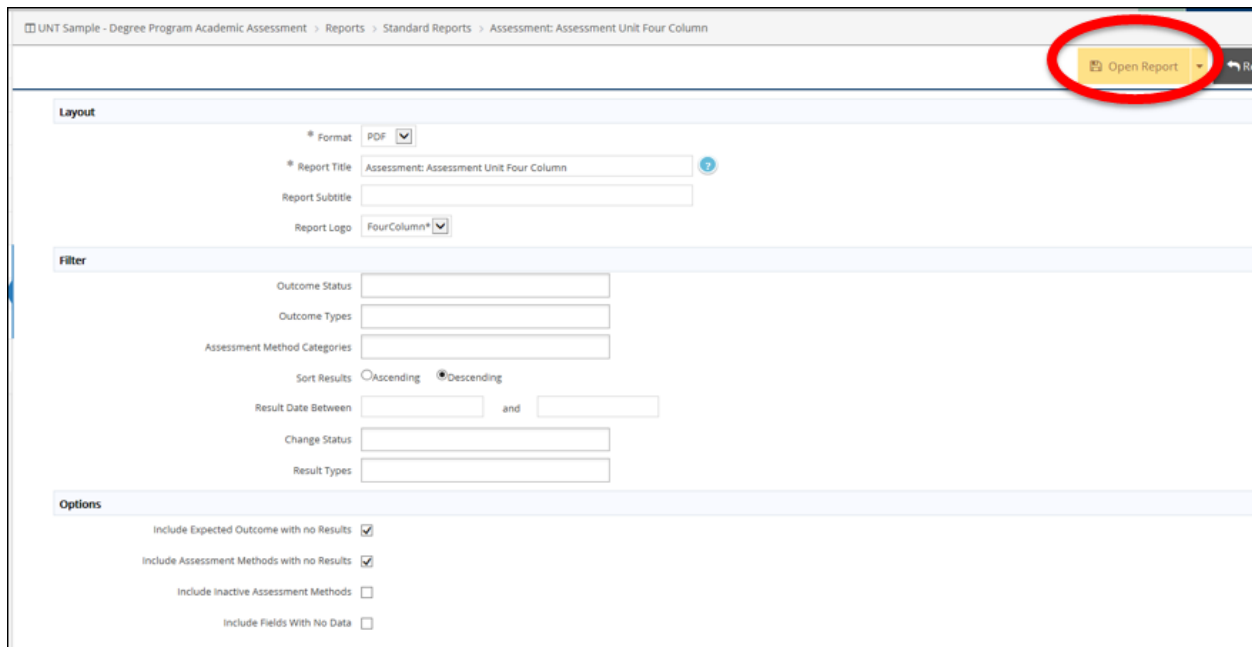

Step 1

Print a copy of your 4-column report to use as a beginning reference for your update. Peer reviewers will only review the information presented in the 4-column report. Review the information on your active outcomes. (Choose your IE plan in the top pull down menu bar. To print/view a report, select “Standard Reports”, and then “Four Column Improvement Report.”)

The screenshot shows the Nuventive Improve web application interface. At the top, there is a navigation bar with the text "Nuventive. Improve" and a dropdown menu currently set to "UNT Sample - Degree Program Academic Assessment". Below this is a sidebar menu with options: Home, Information, Plans and Results, Mapping, Reports, Ad Hoc Reports, and Documents. The "Reports" option is highlighted with a red circle, and a red arrow points to the "Standard Reports" sub-option. The main content area displays a list of report categories: Program Reports, Course Reports, and Mapping. Under "Program Reports", there are four options: "Assessment: Additional Narratives", "Assessment: Assessment Unit Planning", "Documents List", and "Four Column Improvement Report". The "Four Column Improvement Report" option is highlighted with a red circle.

To run the report, select “Open Report.” The report will open in a new tab. (Turn off pop-up blockers)

The screenshot shows the report configuration page for the "Assessment: Assessment Unit Four Column" report. The page has a top navigation bar with the text "UNT Sample - Degree Program Academic Assessment > Reports > Standard Reports > Assessment: Assessment Unit Four Column". In the top right corner, there is a yellow button labeled "Open Report" with a dropdown arrow, which is circled in red. Below the navigation bar, there are three sections: "Layout", "Filter", and "Options". The "Layout" section includes a "Format" dropdown set to "PDF", a "Report Title" field with the value "Assessment: Assessment Unit Four Column", a "Report Subtitle" field, and a "Report Logo" dropdown set to "FourColumn*". The "Filter" section includes fields for "Outcome Status", "Outcome Types", "Assessment Method Categories", "Sort Results" (with "Ascending" and "Descending" radio buttons), "Result Date Between" (with two date input fields and "and" text), "Change Status", and "Result Types". The "Options" section includes four checkboxes: "Include Expected Outcome with no Results" (checked), "Include Assessment Methods with no Results" (checked), "Include inactive Assessment Methods" (unchecked), and "Include Fields With No Data" (unchecked).

Review 4-column report for incomplete items needed for 2021-22 end of year reporting:

Four Column Improvement Report

UNT Sample - Degree Program Academic Assessment

Vision: The vision statement for the academic program/administrative office under the college/division of _____ of UNT is to achieve greater visibility in the region as a leader in our discipline and increase enrollment by 20% over the next three years. (example)

Mission: The mission of the Sample Department in the Sample College/Division at UNT is to establish and maintain a superior learning environment for the traditional and non-traditional student in the department discipline. Students will be actively engaged in research, coursework, and internships to prepare for a successful career in the community at home and abroad. The program offers mentorship, hands-on applications, and community involvement to guide and enable students as they enhance their skills in real-world applications. Students who graduate from this program will possess readily marketable if not superior quality skills as an entry-level employee. (example)

Expected Outcomes	Assessment Methods	Results	Use of Results for Improvement
<p>Sample - Outcome statement describing the knowledge and skills of students to be assessed (SLO) or the administrative outcome (AO) to be assessed. The outcome should be singular, measurable and meaningful.</p> <p>Outcome Status: Active</p> <p>Outcome Type: Student Learning Outcome</p> <p>Start Date: 04/01/2019</p> <p>Required Activities: OPTIONAL area to list any required activities to complete the expected outcome. This is NOT a description of your assessment methods.</p>	<p>Course Assignment/Project - Clearly describe the assessment method you will use to measure the extent you are achieving your expected outcome. Student learning outcomes require at least one direct measure of learning. Examples of assessments or rubrics should be attached. Administrative outcomes can be indirect measures. Attach samples of the assessment method selected.</p> <p>* Criterion: Clearly state a quantitative performance target.</p> <p>Schedule: Optional-when will the assessment be done?</p> <p>Related Documents: Doc Detailing Assessment</p>	<p>Change Status: Change Recommended</p> <p>Result Type: Criterion Met</p> <p>State the results of the assessment and the total number of students/participants assessed. Compare the results to the outcome's criterion or target and to last year's results. Discuss the impact of recent improvements on the results. If the program is delivered through multiple delivery methods, the results should be disaggregated in the narrative and the evidence. Attach evidence of the results and/or the analysis. Redact any student/participant names or identification information before uploading evidence. (05/18/2022)</p> <p>Academic Cycle: 2021 - 2022</p> <p>Related Documents: Doc Detailing Results.docx</p> <p>Upload your evidence/analysis (PDFs)</p> <p>students/participants assessed. Compare the results to the outcome's criterion or target and to last year's results. Discuss the impact of recent improvements on the results. If the program is delivered through multiple delivery methods, the results should be disaggregated in the</p>	<p>Action Planned Next: This final step in the improvement plan is the most crucial – how are you going to use the results to continue to improve or enhance services/learning over next 12 months. Provide specific actions planned. (05/18/2022)</p> <p>Status of Action: Leave blank for current cycle (05/18/2022)</p>
		<p>narrative and the evidence. Attach evidence of the results and/or the analysis. Redact any student/participant names or identification information before uploading evidence. End of year reporting items needed for 2021-22 IE plans (in red boxes)

(Status of Action is entered under last year's Action Planned Next to show your implementation and follow through of last year's decisions)

DATA COLLECTION, ANALYSIS AND COLLABORATION ON USE OF RESULTS

Review the components needed for end-of-year reporting. Once the components are gathered, you can begin with Step Two:

By October 15th, each IE plan at UNT is expected to have the following components in Improve:

- Active outcomes – at least three
- Assessment methods described
- Criterion for success defined (must be a quantitative performance target)
- Evidence of the assessment attached (blank exam, blank rubric, blank survey, etc.,)
- Results for AY 2021-22 assessments (how many students assessed & results compared to previous years and target)
- Evidence of the results attached (student work samples with redacted names or analysis of the results, etc.,)
- Improvement actions planned next in AY 2022-23 based on results for each outcome
- Status of action statement describing how the 2021 recommendations for improvement were implemented during AY 2021-22, and whether the steps made a difference in this year's results

Please remember: Historical data should be left in Improve. Please do not delete or overwrite previous entries.

Expanded help tools are available next to text boxes in the Improve System. If you question what is needed, click on the icon for additional instructions.

Data expected in COLUMN FOUR (40% of peer review IE score):

- Column Four is titled “*Use of Results for Improvement.*” It contains 2 parts:

Action Planned Next: This final step in the improvement plan is the most crucial – how are you going to use the results to continue to improve or enhance services/learning over next 12 months. Provide specific actions planned. (Enter data under 2021-22 results)

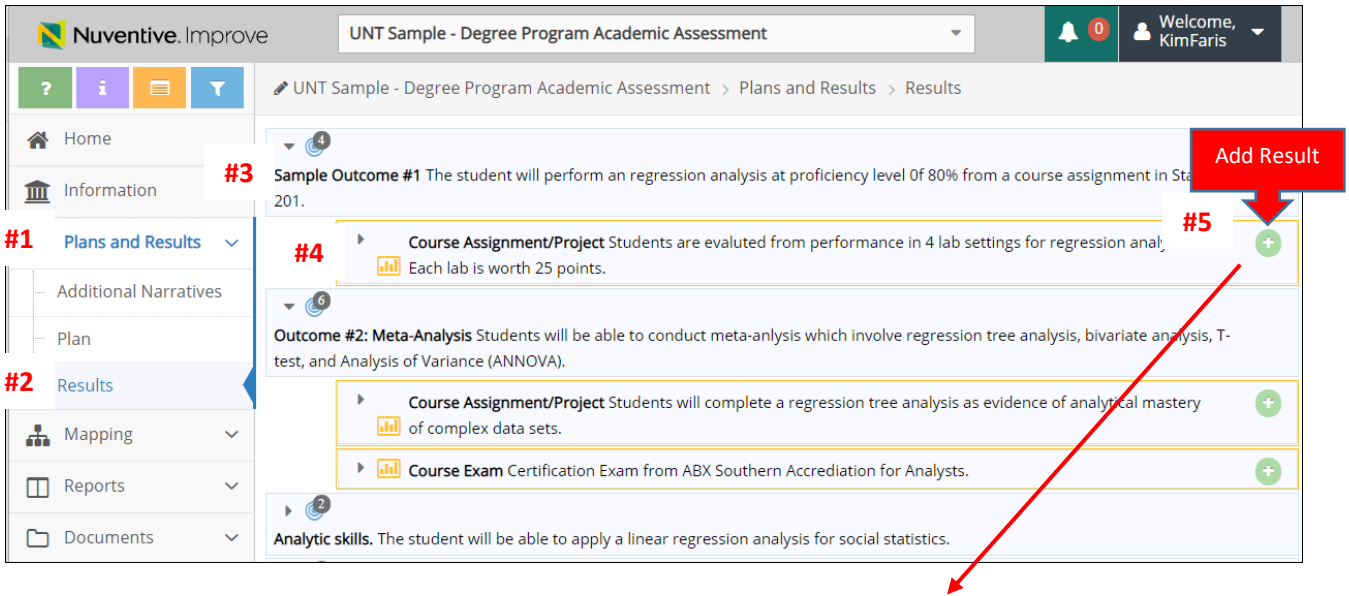

Status of Action: This data is an important part of the plan. It documents that you are actively *seeking improvement*. Provide the status of the improvement actions implemented during 2021-22 that were documented with your 2021 results last year (enter under 2020-21's results)

UPDATING COLUMN 3 – RESULTS AND EVIDENCE

Step Two

Step 2 Update Column 3 (Results and Evidence):

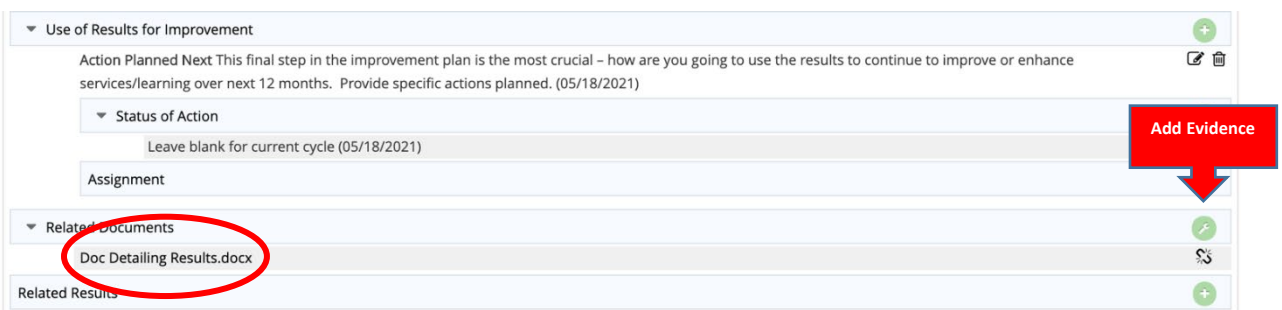

To enter results, go to the Plan and Results option on the side bar and select “Results.” Find the outcome you would like to update and the assessment method. Click on the (+) sign to create a new result.

Your results (Column 3) should answer the following questions:

- How do the results compare to your expectations? Have results changed from last year? Did you meet the criteria? (Your expectations are defined in your criterion statement.)
- Have you provided evidence of your results? (Upload a PDF copy of your results or analysis in Improve, and “relate” them to your specific results for 2021-22.)
- Did you provide the total number of students completing the assessment along with percentage meeting your criterion?
- **Programs/services delivered through multiple modes of delivery should disaggregate results between face-to-face, online and off-site locations. Comparisons to expectations and use of results should discuss differences between delivery modes.**

Next, upload evidence after you save the result: Click on the green wrench symbol to attach your evidence (PDFs) to your result.

UPDATING COLUMN 4 - USE OF RESULTS FOR IMPROVEMENT

Step Three

Step 3 Update Column Four Part One (Use of Results for Improvement):

To enter improvement actions planned for AY 2022-23, go to the 2021-22 results already entered for the particular outcome. Click on the green (+) to enter "Action Planned Next" for implementation in AY 2021-22.

The screenshot shows a web interface for entering assessment results. At the top, there are tabs for 'Change Recommended' and 'Criterion Met', and a date '05/18/2022'. Below this is a text area for the assessment results. A dropdown menu is open for 'Use of Results for Improvement', showing a red circle around the 'Action Planned Next' option. A red arrow points from this option to the text below. Other options in the dropdown include 'Status of Action', 'Assignment', 'Related Documents', and 'Related Results'. Each option has a green plus sign icon to its right.

Your Action Planned Next (Column 4) should answer these questions:

- How are you going to use the results to continue to improve or enhance services/learning?

Avoid "Continue to monitor" or "no improvements needed" statements.

Was your criterion not met? Answer:

- What are you going to do to make improvements to address areas in which the criteria were not met?
- What is your plan of action?

For academic programs, action plans for improvement may sometimes be substantial curriculum changes, but can also include changing a textbook, adding/changing assignments, implementing new materials/technology, pedagogy modifications or additional faculty/student support, etc. – anything that aligns with data collected.

Was your criterion met? Answer:

- What can you do to continue to raise standards and/or improve? Academic programs--Remember this IE plan needs to demonstrate evidence of seeking improvement, and not that your students can achieve a minimum threshold to satisfy minimal compliance.
- Does this plan document your efforts to seek improvement/enhancements annually?

How To Guide - Completing 2021-22 UNT Institutional Effectiveness Improvement Plans

- Have you set minimal thresholds instead of aspirational goals? Can you defend your threshold or goal for success at a particular level? There should always be a need for improvement, even if that is revision of targets and/or assessment methods.
- If the findings consistently suggest that no improvement is needed, then programs should consider examining a more useful outcome that demonstrates continuous improvement, or setting more demanding target levels for existing methods of measurement.

Step 3 Update Column Four Part Two (Status of Action):

To enter/edit a Status of Action (that is due October 2022), go to the prior year's (2020-21) results/action planned next already entered for the particular outcome last year in 2021. Click on the green (+) to enter a status of action statement describing the improvement actions implemented during 2021-22 based on plans made in 2021.

Change Made Criterion Not Met 08/17/2021

State the results of the assessment and the total number of students/participants assessed. Compare the results to the outcome's criterion or target and to last year's results. Discuss the impact of recent improvements on the results. If the program is delivered through multiple delivery methods, the results should be disaggregated in the narrative and the evidence. Attach evidence of the results and/or the analysis. Redact any student/participant names or identification information before uploading evidence. [more]

Use of Results for Improvement +

Action Planned Next This final step in the improvement plan is the most crucial – how are you going to use the results to continue to improve or enhance services/learning? (08/17/2021)

Status of Action +

A status of the improvement actions made during 2021-22 are provided here (one year after the initial plan is entered). (05/18/2022)

Assignment +

Related Documents +

Doc Detailing Results.docx

Related Results +

Status of Action Statements (Column 4) should answer these questions:

- How were last year's recommended actions implemented?
- If they were not implemented, was there an alternate improvement made?
- Did the action make a difference in this year's results?

FINAL REVIEW AND ARCHIVING THE YEAR END REPORT

Step Four

Step 4

Run your Four Column Report again (from Step 1) looking for missing items. Use the checklist to ensure all required components are provided for your 2021-22 Four Column Improvement Report prior to October 15. There is no final “submit” button. If you have the data entered, then University Accreditation has your report.

If you complete your plan after October 15, 2022, please email improve@unt.edu to inform University Accreditation that you have a late submission.

CHECKLIST for each outcome							
Column 1	Column 2	Column 3	Column 4				
Active outcomes (minimum=3)	<input type="checkbox"/>	Assessment methods stated	<input type="checkbox"/>	Results for 2021-22 assessments (how many students assessed & results compared to previous years and criterion target)	<input type="checkbox"/>	Next planned improvement actions to implement in 2022-23 based on results	<input type="checkbox"/>
		Criterion for success defined (quantitative performance target)	<input type="checkbox"/>	Evidence of the results & analysis attached (student work samples with redacted names or analysis of the results, etc.,)	<input type="checkbox"/>	Status of action statement describing how 2021 planned actions were implemented, and whether the steps made a difference in the results this year	<input type="checkbox"/>
		Evidence of the assessment attached	<input type="checkbox"/>				

Archive a copy of the final version

Save a copy of your completed report in the Improve Document Repository in case data is accidentally deleted in the future. Share the report with your department so all are aware of the results and improvement plans to implement in 2022-23.

Please note that if you are closing an outcome after AY 2021-22:

- Please add the new outcome and its assessments/criterion statement for 2022-23 by October 15, 2022.
- Denote the start date for the new active outcome. (*leave end date blank*)
- Active outcomes for 2021-22 should not be changed to “complete” until after the peer review cycle is completed.

Why does UNT have IMPROVE Institutional Effectiveness Plans?

Each degree program and administrative unit at UNT maintains an institutional effectiveness (IE) plan in IMPROVE (formerly named TracDat). In addition to the benefit it provides in planning and aligning with the UNT mission and strategic plan, each IE plan is needed for UNT to comply with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Principles of Accreditation:

SACSCOC Principle 7.1 & 7.3

Effective institutions demonstrate a commitment to principles of continuous improvement, based on a systematic and documented process of assessing institutional performance with respect to mission in all aspects of the institution. An institutional planning and effectiveness process involves all programs, services and constituencies; is linked to the decision-making process at all levels; and provides a sound basis for budgetary decisions and resource allocations.

- 1. The institution engages in ongoing, comprehensive, and integrated research-based planning and evaluation processes that (a) focus on institutional quality and effectiveness and (b) incorporate a systematic review of institutional goals and outcomes consistent with its mission. (Institutional Planning) [Core Requirement]**

- 3. The institution identifies expected outcomes of its administrative support services and demonstrates the extent to which the outcomes are achieved. (Administrative effectiveness)**

SACSCOC Principle 8.1-2

Student learning and student success are at the core of the mission of all institutions of higher learning. Effective institutions focus on the design and improvement of educational experiences to enhance student learning and support student learning outcomes for its educational programs. To meet the goals of educational programs, an institution provides appropriate academic and student services to support student success.

- 1. The institution identifies, evaluates, and publishes goals and outcomes for student achievement appropriate to the institution's mission, the nature of the students it serves, and the kinds of programs offered. The institution uses multiple measures to document student success. (Student achievement) [Core Requirement]**

- 2. The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results in the areas below:**
 - a. Student learning outcomes for each of its educational programs. (Student outcomes: educational programs)**

 - b. Student learning outcomes for collegiate-level general education competencies of its undergraduate degree programs. (Student outcomes: general education)**

 - c. Academic and student services that support student success. (Student outcomes: academic and student services)**

Thank you for completing your end of year reporting for institutional effectiveness. We appreciate the time and care you take in updating your plans. Please contact us should you have any questions.
